MEET NEXT YEAR IN STATESVILLE

Methodist Conference to be Held There.

Place of Meeting Decided on Yesterday Morning — Conference Will Likely Close Monday Morning As Nearly All Business Has Been Transacted—Report of Children's Home Received—The New District.

Winston, Nov. 19.—The Western North Carolina Conference of the M. E. church this morning voted to meet next year at Statesville. The first nomination was that of Broad Street church, Statesville. Rev. Harold Turner, pastor, made the nomination. The nomination of Hendersonville was made by Rev. J. W. Moore, the pastor. The interests and claims of both places were well presented and when the question was put to the conference, two votes were necessary in order to a satisfactory decision. The final vote stood: Statesville, 99; Hendersonville, 96, a majority of only three votes for the former place.

Before the close of the session this morning Bishop Hendrix announced that he saw no reason why the conference should not adjourn Monday, probably with the close of the morning session and certainly in the afternoon. Very little business remains to come before the body for consideration except the consideration of reports of several boards and committees.

The new district which has been the subject of considerable interest during this session of the conference, now seems doubtful, owing to the fact that the board of missions feels unable to appropriate seven hundred dollars toward the salary of the presiding elder who may be appointed to the district. Those most interested in the enterprise are still working earnestly to get the district made, feeling its formation will greatly advance the interests of the church in that section.

The report of the Children's Home was read and adopted. This report recommended, among other things, that all the money subscribed for the Children's Home be paid to the financial agent of the Home instead of being sent to the Joint Board of Finance for reference to the Home.

The report noted also the fact that the Methodists of High Point are engaged in raising a fund for the building of a cottage at the Home, and urged that those in other towns follow the example of High Point.

Mr. H. A. Hayes speaking further of the money needed to meet the expenses in the Home said that figured upon the basis of providing for the support of one hundred children, it would require $15,000 per year for this purpose. He said further that he had made careful inquiry into a number of other orphanages, and that he had based his figures upon this information and upon what he had learned from his own experience during the history of the Home in the conference.

Mr. Hayes heartily approved the recommendations of the report that the support of the Home in the future be secured upon the assessment plan, the assessment to be based upon the rate of ten per cent of the amount paid on pastor's salaries. The collections secured for the Home on Easter, Thanksgiving and upon the observance of "Work Day", which is observed one day in the year in the interest of the Home, may be applied on the ten per cent assessment, but the collections from the Sunday schools secured on each fifth Sunday are to be kept separate from the assessment on the conference.

Resuming the call of the 20th question, Bishop Hendrix called the names of the preachers in the Franklin, Greensboro, Morganton, Mt. Airy, Salisbury, Shelby, Waynesville and Winston districts and their characters were passed, after which they submitted their reports.

The Burlington Injunction.

In United States Court yesterday argument in the case of the Southern Railway vs. the City of Burlington and J. J. Thomas was begun. The object of the hearing is to ascertain whether a restraining order issued to prevent the city from constructing a street across the railroad at Burlington shall become a permanent injunction. The hearing was continued until Nov. 25.

HIGH SCHOOL

Intermediate Class [illegible]cers—Football Game [illegible]day.

In the Chapel [illegible] Lindsay Street School on last Thursday afternoon the Intermediate class met for the purpose of electing officers for the coming year. Tully Blair was chosen captain to lead the seventy or seventy-five members through the meandering scenes of the year and Lucile Devlin was chosen to assist him. Ralph Lewis was elected secretary to make written account of their doings and Mary Beall was elected treasurer to dispose of the sheckles. All were enthusiastic over their class organization and already they are beginning to talk about the many things they are going to do as a class.

Fortunate indeed is the management of the Greensboro High School football team in securing the fast team of the Fayetteville High School for their opponents this year in the annual Thanksgiving game at Cone Athletic Park. Not only does this insure a fast and exciting game, but it gives an opportunity for the best team of western North Carolina to meet the eleven that lays claim to the championship of the eastern half of the state.

This will undoubtedly be the best game that will be seen on the local gridiron this year. With the exception of the game with the Carolina freshmen, the local eleven has been easily the winner in the games played here. In the contest with the freshmen of Chapel Hill the visitors had the advantage both in age and weight. But in the game to be played Thursday afternoon the teams are about evenly matched; both are anxious to win, for it will probably decide the state championship, and it will be the biggest event among the high schools of the state this season.

The Greensboro "Highs" are in better shape than they have been at any time this fall. After the season's games they are familiar with the new rules, and are able to cleaner and faster team work than earlier in the season. Thursday being a great football day, it seems certain that a large crowd will witness the contest.

On that day the boys are to bring in the 75 ears of corn promised by each, and this corn will be sold at auction to the highest bidder.

The executive committee postponed awarding the prizes to the men until the meeting of Dec. 10.

The secretary was instructed to notify each boy who has entered the contest and also each member of the association of the meeting.

The following committees were appointed to solicit subscriptions to be used in paying the prizes awarded to the boys:

MAY PURCHASE OAK RIDGE INSTITUTE

Methodist Protestants May Become Owners of Well Known Educational Institution—Committee Appointed to Investigate.

Kernersville, Nov. 19.—The feature of this morning's session of the North Carolina Methodist Protestant Conference was the discussion of the movement looking to the establishment of a college or school, to be owned and conducted under the auspices of the conference. Profs. J. A. and M. H. Holt, owners of Oak Ridge Institute, submitted a proposition to sell their school to the conference. They propose to retain stock in the institution if the conference so desires. The proposition was discussed at length and a committee was appointed to investigate it and make a detailed report at a later session of this conference. Many are inclined to believe that Oak Ridge Institute will be purchased. It has a fine patronage and its prestige would be worth much to the conference.

MISSION STUDY CLASS MEETS.

Young Girls of West Market Entertained by Miss Kathryn McClamroch Yesterday.

Prepared For The Telegram.

One of the most interesting Mission Study classes that has been formed at Weset Market Street church this fall is a class of young girls about twelve years old which meets once a month at the home of a member of the class and in a social way they tell all they know about a certain mission field.

Yesterday afternoon Mrs. R. S. McClamroch on Edgeworth street had this class with her little daughter, Miss Kathryn, who, assisted by Miss Josephine Freeman and Miss Myrtle Ashworth, arranged the program. They had the library and dining room decorated with all kinds of beautiful Japanese lanterns and drapery. R. S. McClamroch, Jr., met the members of the class at the door and Miss Myrtle Ashworth, dressed in a Japanese costume of pink and blue and Miss Kathryn McClamroch robed in her costume of green and red, looked enough like the little girls from that country to make one feel they were in the cherry blossom country.

While sitting around in the library under the soft glow of the lanterns we were favored with readings from the two little Japanese girls about their beautiful country and then the sad story of idol worship there.

We were then asked to go into the dining room and be served in real Japanese style. While the dainty refreshments were served each member told of the interesting things they had learned about Japan while getting up this meeting.

The prayer that Miss Rodgers offered up for the girls and women in this heathen country made us all feel that we were glad we were getting an insight into their lives, so that we might be more sympathetic and more in earnest in our work for those that are not blessed as we are.

NOTED CASE COMPROMISED.

Col. Staples Gets Fee In Long Drawn Out Suit Against Fisher Estate.

In United States Court yesterday a compromise was effected in the case of Col. J. N. Staples vs. the trustee of the Fisher estate. By the terms of the compromise Col. Staples gets $2,500 as his fee for appearing for the late Capt. Fisher in a damage suit against the old water company. The case was settled by arbitrators several years ago, but for some reason the settlement did not suit so the case went into federal court where Col. Staples was given judgment for $3,100. An appeal was taken and recently the decision of the lower court was affirmed. Then a plea for a rehearing was made by the defendant and meantime efforts were made to compromise the case with the above result. The remainder of the $3,100, which has been in court since judgment for that amount was rendered, was paid over to the trustee for the estate, Mr. C. A. Bray, who paid the court costs.

CONTRACT TO BE SIGNED MONDAY

Minor Details Have Been Agreed Upon.

Special Session of Aldermen Last Night For Purpose of Going Over Contract With Public Service Officials and Authorizing Mayor and City Clerk to Sign the Contract—Technical Points Discussed At Length.

At a special session of the Board of Aldermen last night, at which Messrs. E. C. Deal and Z. V. Taylor, of the North Carolina Public Service Company, were present, the contract to be made between the city and the company for lighting the city during the next ten years was gone over and discussed. The board passed a resolution authorizing the mayor and city clerk to sign the contract and forward copies to the directors of the Public Service Company which body meets in New York Monday. The contract will be typewritten and signed Monday morning and copies sent to New York for the signature of the president of the company.

The contract was drawn by the city attorney and the Water & Light Commission. Several minor changes were made in the original draft last night, the necessity for doing this being brought out in the discussion. The Public Service Company objected to several technicalities, some of which were removed and others allowed to remain.

One point which, it seems, was never made clear before was regarding the reduction of the prices for the Tungsten lamps after a certain number of arcs are installed. The Water & Light Commission in submitting to the company a proposition specified that after as many as 250 arcs, or their equivalent in Tungstens, were installed the price per arc lamp per annum was to be reduced from $58 to $56, intending that this reduction should apply to the Tungstens as well as arcs. But, according to Mr. Taylor, the company in accepting the proposition understood the reduction to apply to the arcs only. So when the contract was drawn a clause was inserted stating that when the required number of arcs or their equivalent in Tungstens were being used the price per arc was to be reduced to $56 and the price paid for Tungstens was to be reduced pro rata. However, after the matter was discussed last night the board saw that one party had construed the matter one way and the other party had intended it another so the clause stipulating that the price for the Tungstens was to be reduced was stricken out of the draft.

Mr. Deal stated to the board that he hoped to have the central circuit in by Dec. 15.

BOYS' EXHIBITION AT LIBRARY THIS WEEK

The Event Promises To Be One of Much Interest to Greensboro People.

Prepared for The Telegram.

This is the week for Greensboro boys to act as hosts in our public library. The free Boys' Exhibition given by them in the library lecture room on November 25 and 26 will be a great pleasure to many of us who have always their best interests at heart.

Our library has many opportunities for service each day as it furnishes aid to clubs, schools and debaters, welcomes "the stranger within our gates" and gives a home to civic educational and historical organizations of kindred interests. The little ones of our city come gladly one hundred strong to hear the stories in which their little hearts delight and last week the generous Greensboro press gave much space in reporting a chapter of our history repeated by descendants of Greensboro speakers and given in the library lecture room.

The exhibition promised this week is equally interesting and everybody is invited. The exhibits registered show a pleasing variety. Minerals, coins, bird eggs, Indian relics, model of airship and others of equal interest. Eight prizes are to be awarded, which the boys greatly appreciate for the real object in this enterprise is to show our boys' taste in collecting and the things they can make. We all believe in Greensboro boys. Most of us will be glad to be their guests at this time.

The exhibition will be held on Friday, Nov. 25, 3 to 6 p. m. and Saturday, November 26, 10 a. m. to 6 p. m.

MARRIAGE OF MR. A. L. BROOKS

Miss Higbie, of Newark, His Bride—Exclusive Society Attended the Wedding Last Tuesday Afternoon.

New York Herald, 16th: Exclusive society attended the wedding of Miss Helen Thornton Higbie, daughter of Mr. and Mrs. James Sayre Higbie, of Newark, and Mr. Aubrey Lee Brooks, of Greensboro, N. C., at the home of the bride's parents, No. 1013 Broad street, at five o'clock yesterday afternoon. The ceremony was performed by the Rev. Dr. Lyman Whitney Allen, pastor of the South Park Presbyterian church, and a reception for several hundred guests followed. The reception invitations were limited, however, on account of the wedding taking place at the house.

Miss Higbie, who is one of the most popular members of the younger set, is a niece of the late Mr. James R. Sayre, Jr., one of the city's oldest residents. She also acted as secretary of the Visiting Nurse Association for several years. She was given in marriage by her father in the room in which her parents were married. The ceremony was performed in a bower of white chrysanthemums and palms. The house was decorated with yellow and white chrysanthemums, Southern smilax, autumn foliage and palms. A string orchestra played the nuptial music.

The bride's gown was of white satin, cut en train, and was hand embroidered in panel effect and trimmed with point lace, a family heirloom. She wore the gift of the bridegroom, a diamond pendant and a veil of tulle caught up with orange blossoms. Her shower bouquet was of orchids and lilies of the valley. She had but one attendant, her sister, Mrs. George Barker. The latter wore a cloth of gold costume and a hat of cloth of gold with black plumes. She carried yellow chrysanthemums in an arm bouquet. Mrs. Higbie wore black lace over lavender silk and a corsage bouquet of violets. The bride's sister, Mrs. M. Withington Clement, of Riverton, a bride of last spring, wore white satin. The best man was Mr. Harry Reynolds Bush, of Greensboro, N. C. After the reception Mr. and Mrs. Brooks left for a wedding trip of travel through the South, including Washington, and will make their home in Greensboro. The bride's traveling costume was of black cloth with hat to match.

It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, $1.00. Trial bottle free. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Howard Gardner.

HELD FOR COURT.

Negroes Who Took Advantage of Eclipse and Robbed Corn Pile In Jail.

In Municipal Court yesterday morning the principal case was the one against Will Slade and Monroe Herbin, the negroes charged with stealing corn from Mr. B. Johnson. These negroes are the ones that took advantage of the eclipse Wednesday night and made a haul on the cornpile. They carried their stolen corn to Jake Susman, a Hebrew merchant, living in Warnersville, and sold it.

On the stand the negroes told different tales from the one told the officers on Friday as printed in yesterday's Telegram. In fact there seemed to be some inconsistency in their statements. Jake Susman stolidly testified that the negroes had sold him several pecks of corn, but he had not purchased as much as a bushel.

Judge Eure thought that a jury ought to sit on the case so he bound the defendants over to court under bonds of $50 each. Failing to give bond they went to jail.

Dudley Graves and John Robbins were charged with disorderly conduct, being let off on payment of the costs.

Mr Otto Paul, Milwaukee, Wis., says: Foley's Honey and Tar is still more than the best. He writes us, "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks." Howard Gardner.

SURGEON BECOMES MARTYR TO DUTY

Nearly Lost Life and May Lose Eyesight Because of the Unmindful Efforts to Save the Life of a Charity Patient.

New York World.

In a darkened room of his home at No. 837 Madison avenue lies Dr. Walter Gray Crump, skilled surgeon, noted more for his gratuituos treatment of the poor than for the big operating fees he collects from the rich. For three weeks a half dozen of America's foremost physicians have been in constant attendance on Dr. Crump and at his bedside a corps of nurses have watched eagerly for signs of returning health and strength that were first manifest yesterday.

Dr. Crlmp's life is no longer despaired of. But something almost as precious to Dr. Crump as life itself hangs in the balance. Bandages are drawn tightly across his forehead, and until these are removed and the light of day again illuminates the surgeon's eyes, it will not be known if his vision will be sufficiently restored to permit him to handle a surgeon's knife again.

One of the most serious affections that can befall a surgeon was suffered by Dr. Crump while attempting to save the life of a charity patient at the Flower Hospital on Oct. 28. The hospital ambulance, late in the afternoon of that day, brought in a sufferer from serious abdominal trouble. None of the other hospital surgeons would undertake to handle the case, which was a most urgent one.

Dr. Crump was called, the patient was taken into the operating pavilion and the surgeon began the work immediately. A septic material from a growth that Dr. Crump was removing spattered in his face and right eye, although Dr. Crump didn't feel it enter his eye. Five days later his eyes became inflamed and began to swell.

Dr. Charles H. Helfrich was summoned. He immediately detected symptoms of blood poisoning. Dr. F. H. Boynton, Dr. J. T. Simonson and Dr. Helen Cooley Palmer, noted oculist and dean of the College for Women, were called in consultation. Her husband, Dr. J. B. Palmer, also lent his assistance.

From that moment one or more of these physicians and oculists was in constant atendance on Dr. Crump until yesterday. The immediate task at hand was to combat the blood poisoning. At first so aggravated as to imperil the life of Dr. Crump, it was finally controlled. All the while they were fighting the blood poisoning the physicians were anticipating the second problem—that of saving Dr. Crump's eyesight.

During the first ten days of his illness ice balls were applied to Dr. Crump's eyes at intervals of fifteen seconds. The surgeon got practically no rest during this period. Dr. Crump's right eye was greatly swollen and the cornea so affected that is was feared it would slough off. The left eye remained practically normal.

The attending physicians now believe that the danger point has been passed and predict that Dr. Crump's vision will be restored.

Hexamethylenetetramine.

Is the name of a German chemical, one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and anti-septic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady. Howard Gardner.

VENETIAN WOMEN.

The Whims of Fashion Hold No Terrors For Them.

The women of Venice are absolutely free from the rule which Dame Fashion exercises over their sisters elsewhere. They care nothing for modes. With them the length of the skirt remains always the same, neither short nor long, and they always wear plainly made dark dresses, black stockings and the heelless slippers of the east. Hats are unknown.

The universal outdoor wrap for all ages and all sizes is the black shawl, with a deep silken fringe. It is folded with a short point above and a long one below, and sometimes it envelopes the figure from head to foot. It is never fastened at the throat, and when it slips off it is gathered up with one outstretched arm, which makes the spectator think of a big bird stretching its wing.

In their attire the women of Venice are independent, only wearing local clothing, but with feminine inconsistency they are thoroughly up to date in the matter of hairdressing, the style of their coiffures changing from time to time, according to the vogue of the moment in London and Paris.

Coming Down.

The Madam (with a hand to her head)—Is my hair coming down, Katie?

The Maid—Yes, ma'am, in a minute I'm going right up stairs for it now!—Yonkers Statesman.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Oklahoma goes dry. Thus the brewers are kept busy making announcements of the passing of the wave.

It is said that the Democrats and the insurgent Republicans will unite to unhorse Aldrich at the short session of Congress. Good idea. No need to leave all the good work for the next Congress.

The Baltimore Sun keeps on agitating for that Democratic conference. If the conference eventuates, we hope it will suggest to the Sun the wisdom of supporting the Democratic ticket.

Dr. Anna Shaw attributes the failure of the woman's suffrage measure in Oklahoma to the liquor interests. But why is it so hard to get prohibition in those states where women have had the ballot for years?

Judge Kenesaw Mountain Landis announces that he will not hear the beef trust case, but will transfer it to another United States District Court judge. The trust is probably not afraid of Judge Landis. Those big fines of his somehow or other have a way of failing to stick.

It is announced that the shippers of the country will present experts to the Interstate Commerce Commission to show that if the railroads were properly managed they could reduce rates. Does this mean that there is going to be a chance to get "a look at the books?"

Suggestive of the rivalry of nations to put out the largest dreadnoughts is the rivalry of the great ocean steamship companies to put out the largest ships. Some time ago the White Star line with a flourish of trumpets announced that it had completed the largest ship in the world, its length being 882 1-2 feet. Now comes the Cunard line and lays the keel for a ship 885 feet long.

Just as we had begun to rejoice because of the cessation of the shouting and tumult of war, we were brought to face the list of the dead borne away from the automobile race courses. And now human beings are being hurled to destruction from out the clouds. Death is relentless and is a great leveler, and when science removes one engine of destruction, she brings in another of a different name to take its place.

A king who is estopped by an unwritten law from vetoing a measure affecting the happiness and welfare of a nation isn't of much use that we've ever heard of. On the other hand, when the supposedly superior house of a legislature has the absolute power of vetoing the measures of a popular assembly, there's certain to be unrest among the masses. Truth is, English institutions will have to be reconstructed. The spirit of young America is working like leaven in every corner of the earth.

Southerners take a conspicuous part in New York City. There is no sphere of activity in which this is not true. Just now the Southerner who is attracting the most attention in the great metropolis is W. G. McAdoo, who built the "Hudson tubes." In competition with the powerful Interborough-Metropolitan Company and others, this wide awake and progressive man from the South offers to operate the proposed tri-borough subway system to be built by the city. He agrees to put up a million dollar bond as a guarantee. We predict that McAdoo will get the job. He is one of the men who usually get what they go after.

The Petersburg Index-Appeal gives some enlightening comment on the voluntary exile of Count Tolstoi and the circumstances leading thereto. It says: Poor old Tolstoi! he has devoted his life to struggling for an ideal and has lost. He made love of his fellow man the cardinal tenet of his creed, the touchstone of life. Years ago he declared it would solve every sociological problem that vexes the mind of man, and, in demonstration of his belief, put his faith into practice by giving up that which made him the social superior of those around him, and became as the commonest of mortals, laboring for the common good. His large estates he transferred to his son, who, it is said, oppresses his tenants, and drives them as did the taskmasters in other days before serfdom was abolished in Russia. His own family is said to have turned against him, endeavoring to make him sell for profit the book he has written in defense of the doctrine of the right of the people to share in the common property. The old man, past four-score, humiliated and despairing at this failure of his beloved doctrine to establish itself, drags himself off to the Caucasus, there, in the shades of a monastery, to forget a world which has proved so ungrateful. But his life has not been a failure. He thought generations ahead of his time. The time will come when Tolstoi will be to sociology what Aristotle is to philosophy.—Aristotle—he whom the ancients called "the Father of Those Who Know."

Tolstoi has a theory of life and is willing to live up to it, does live up to it in fact. But those nearest and dearest to him, his wife and children, don't subscribe to his theory of life and as they have claims on him they exact their share and more of his earnings. Thus they are completely selfish just as he is completely unselfish. Hating selfishness as he does and seeing it strikingly exemplified in his own flesh and blood as he does, Tolstoi is hardly to be blamed for the radical course that he took.

Definition of True Humor.

The sense of humor is the "saving sense" principally because it saves us from ourselves. The person who cannot laugh at himself now and then is to be pitied. Moreover, the person who cannot take good naturedly the occasional bantering of others is in the same class of disagreeables. A well directed shaft of raillery will often find the vulnerable point in our armor of self complacency and show us where our self satisfaction is all wrong. True humor, however, must spring as much from the heart as from the head. Its essence must be truth and friendliness, not contempt. There never was a good joke yet that told a lie or besmirched a reputation. Humor which carries with it a sting to wound the sensitiveness or delicacy of one who does not deserve to suffer is not true humor.—San Francisco Chronicle.

Professional Instinct.

"Romeo and Juliet," with the original company, had reached its crucial moment.

Juliet was staggering about the stage, regarding her afflicted lover.

"Oh, cruel poison!" she wailed.

She raised her lover for a moment in her arms.

A wildly excited medical student in the gallery sprang to his feet.

"Keep him up, Juliet—keep him up!" he bellowed. "I'll run out and fetch the stomach pump!"

A Run of Luck.

Violet—I never had such a streak of luck. He fell in love in Paris, proposed in Rome and bought the ring in Naples. Pierrot—Did your luck end there? Violet—Oh, no! While we were at Monte Carlo he won enough from papa for us to get married on.—London Illustrated Bits.

The Silver Lining.

In life troubles will come which look as if they would never pass away. The night and the storm look as if they would last forever, but the coming of the calm and the morning cannot be stayed.

The reward of one duty is the power to fulfill another.

A peppery temper isn't to be sneezed at.

Meyer's Department Store will show 100 new coats for ladies', misses' and children Monday. Novelties of all kinds. You will find what you want if you come Monday.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh,, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A Royal Apology.

King Edward VII. was never at a loss for a quick, suitable answer. One day he was coming around a street corner on one of his periodical walks in London when he collided with a very stout person, who, being nearsighted, did not recognize the king, took him by the lapel of his coat and gave him a tongue lashing.

"Do you know, sir," finished the irate man, "that I am a member of the London council?"

"In that case I beg your pardon," replied the king, "for I am only the king of Great Britain."

Just the Other Way.

Rudyard Kipling was once visiting at a country house at which Miss Dorothy Drew, the famous granddaughter of Mr. Gladstone, then a little girl, was also staying. She was sent out into the garden with the distinguished author.

Later on, when the other grownups joined them, little Miss Dorothy was asked, "I hope you didn't bore Mr. Kipling?"

"No, but he bored me frightfully," was the unexpected and resigned reply.

Wait a Bit.

Guest—Look here. How long am I going to have to wait for that half portion of duck I ordered? Waiter—Till somebody orders the other half. We can't go out and kill half a duck.—Toledo Blade.

Notice To True Reformers.

At a meeting of the messengers and secretaries of the Greensboro Division of True Reformers, held for the purpose of reaching a conclusion regarding the continuation of sending money to the Grand Fountain, with headquarters at Richmond, Va., owing to the unsettled condition of its finances, the following was done:

The matter was discussed at length by those present. Every phase of the institution which affects the interests of the local fountains were considered. Then upon a motion to continue sending returns to the Grand Fountain, the meeting voted unanimously in favor of the motion.

Each messenger and secretary present pledged himself to use his influence in carrying out the actions of the meeting.

All members are hereby urged to assist in helping the Grand Fountain to tide over its stringency and again be placed on its same old safe reliable footing, under better management and business rules. Members can do this in several ways, but mainly by the prompt and regular payment of dues, and by talking the institution up rather than talking it down. Now is the time for you, brother and you, sister and all to rally to a friend in need. What will you do? The world is looking.

P. H. SCOTT,
Chief of the Greensboro Division.

ARRANGING FOR POULTRY SHOW

Guilford Association Decides To Hold Second Event In Store Room on South Elm—Premium Lists Being Sent To Breeders of County—Officers of the Association Elected Friday Night.

The Guilford County Poultry Association is making arrangements for the second annual poultry show, which event will take place on December 13, 14, 15. The show will be held in the store room on South Elm street formerly occupied by the Crescent Hardware Company. The indications are that a large number of birds will be on exhibit.

At the regular meeting of the association Friday night new officers were elected as follows: President, F. H. Nicholson; first vice president, F. D. Lewis; second vice president, A. B. High; secretary, W. M. Montgomery; treasurer, W. R. Golden.

Premium lists are being mailed out to the breeders of the county and the association hopes to get a copy into the hands of every breeder and exhibitor of pure bred poultry in Guilford. Considerable work is being done to arouse the interest of the bird fanciers of the county and with the hearty co-operation of the public at the coming show the association hopes to make the event a grand success. Premium lists and entry blanks can be secured by notifying the secretary, Mr. Montgomery.

Accompanying the premium lists letters reading as follows are being sent out:

"Dear Sir: We are sending you herewith Premium List and Entry Blanks of the Second Annual Exhibit of the Guilford Poultry Association hoping that same ma yprove interesting to you and that we may enlist your aid in our effort to stimulate more interest in the breeding of pure bred poultry.

"In presenting this, our second Premium list, we have no apology to make for not offering larger cash premiums in the open class, and on pens, as we expect to keep within our means and pay all premiums and all our bills promptly.

"We are not organized for the purpose of making money, but are determined to do all in our power to promote an interest in pure bred poultry and shall put every dollar we make into our show the following season, offering larger cash prizes and specials.

"It is up to you Mr. Breeder to help us make a success of our show and by helping us you will help yourself in the large amount of free advertising you will get. Of course only a part of the birds can win, but if your birds do not win let it fire you with ambition to get busy and procure eggs or stock from winning pens and be ready to carry off the honors at another time.

"Judging will be by score card and this will be of much importance to the breeder in mating up his pens, as he can see from the cards just which birds are superior. Score cards will be mailed to each exhibitor at close of show.

"This feature alone will be worth the price of entry, especially when birds are scored by Marshall, a Judge of national reputation. The management has provided for uniform coops, a good hall, lights, etc., and we promise to give you a clean, honest show, conducted in a business-like manner and on the square. As far as possible we would like for exhibtors to attend the show and get acquainted with each other. A full report of the winnings will be sent each exhibitor at close of show.

"Send in your entries early so that everything may be in readiness to begin judging on Tuesday morning, December 13.

"If you can't make one of our number, send along a string of your birds and we wil guarantee A-1 treatment of your exhibit. Yours for better birds,

MR. B. G. WORTH DEAD

Prominent Citizen of Wilmington Passes Away At a Ripe Old Age.

Rev. R. M. Williams received a telegram last night bringing news of the death of Mr. B. G. Worth, of Wilmington.

Mr. Worth, who had reached the advanced age of 87 years, passed away yesterday afternoon at 5 o'clock. His condition had been critical for several days.

He was a native of this county, leaving here, however, when quite a young man. He was last here on the occasion of the Centennial two years ago. He was a brother of Gov. Worth and of D. G. Worth, both of whom preceded him to the grave. Mr. W. E. Worth, of Wilmington, who has business interests here, is a son of the deceased.

The funeral will be held in Wilmington Monday afternoon. Rev. R. M. Williams, Mr. M. W. Thompson and probably others will go from here to attend the funeral.

The death of Mr. Worth removes one of the best beloved men of Wilmington. He was a man of singularly pure life and character.

Bulwer Lytton and His Chorus.

The Princess von Racowitsa met Bulwer Lytton in the Riviera toward the end of the fifties. He was then, she says in her autobiography, "past his first youth; his fame was at its zenith. He seemed to me antediluvian, with his long dyed curls and his old fashioned dress. He dressed exactly in the fashion of the twenties, with long coats reaching to the ankles, knee breeches and long colored waistcoats. Also he appeared always with a young lady who adored him and who was followed by a manservant carrying a harp. She sat at his feet and appeared, as he did, in the costume of 1830, with long flowing curls, called Anglaises. He read aloud from his own works, and in especially poetic passages his 'Alice' accompanied him with arpeggios on the harp."

Church of Redeemer, Colored.

Church of the Redeemer (Episcopal) corner East Market and Dudley streets. Services today as follows: Morning prayer and sermon at 11 o'clock; Sunday school at 1:30 p. m., and evening prayer with address at six o'clock. All are very cordially invited. Jas. K. Satterwhite, Priest in charge.

BIG FIGHT.

The biggest fight to get in to get merchandise at Lesser's Removal Sale that ever Greensboro has witnessed. People from all over the county came to get their bargains. Special in shoes, clothing and ladies' furnishings. No wonder, this is the only Original Sale which sells good seasonable winter goods at 33c and 50c. on the dollar; next two days, commencing Monday and Tuesday November 21 and 22 Mr. Lesser promises an extra 10 per cent. rebate on all clothing and shoes besides the low prices already marked down. So don't fail to come; you will never regret it. It's the orginal Bargains in merchandise that no sale has ever given. Remember Lesser's Removal Sale, Red Sign Front, 354 South Elm street. Near passenger depot.

THE GUILFORD HOTEL BARBER Shop is decidedly an establishment of the higher class where cleanliness and good attention predominate. Only reasonable prices are asked.

AUTOISTS TO COME BY HERE

Starting from the City Hall Square, New York, They Will Cross Continent.

Starting from city hall square, New York, on Monday, Nov. 21, a party of four automobilists in an Ohio car will commence a long and notable journey to San Francisco, covering approximately 5,000 miles of the least frequented roads of the southern and southwestern states. The trip will take thirty-five days at an average speed of 150 miles a day, the intention being to reach the Golden Gate City on Christmas day. The automobilists will convey a Christmas greeting from Mayor Gaynor of New York to Mayor McCarthy of San Francisco.

Two noteworthy objects have prompted the Ohio Motor Car company to undertake the trip—a thorough investigation of road conditions in the regions traversed and an actual demonstration of the cost of maintaining a car on a coast to coast run. At its conclusion the Ohio good roads and economy test will take equal rank in national automobile history with the historic Glidden and Munsey tours and the more recent New York to Atlanta good roads test.

The road data collected will be compiled by an expert and furnished free to automobilists, good roads associations and others interested in the improvement of the national highways. The information relative to the cost-keep of an automobile on so long a run will be of highest value to automobilists and manufacturers in view of the fact that no reliable figures covering this subject are now available.

The party will consist of Ernest L. Ferguson, representing the American Automobile association, as official observer; Guy W. Finney, representing the Ohio Motorcar company; "Silent" Harry Mathews, driver of the official starter's car in the recent Munsey historic tour, and a mechanician. Mr. Ferguson has been the executive official of the successive Glidden tours since the first year of their inauguration, the first New York to Atlanta good roads tour and also this year's Munsey run. He will collect the road data and those concerning the cost-keep of the automobile.

The route will be south through New Jersey, Pennsylvania, Maryland, Virginia, North and South Carolina, Georgia, Florida, thence north into Alabama, Tennessee and Kentucky, and west across the Mississippi river into Missouri and Kansas, when the course will again bedirected south into Oklahoma and Texas. Reaching the Rio Grande river, the route will follow a northwesterly course over the arid plains of Texas, New Mexico and Arizona into California, with the windup in San Francisco.

Included in the itinerary of large cities through which the party will pass are Jersey City, Philadelphia, Baltimore, Washington, Roanoke, Greensboro, Charlotte, Atlanta, Savannah, Jacksonville, Tallahassee, Mobile, Montgomery, Birmingham, Chattanooga, Nashville, Memphis, Paducah, St. Louis, Kansas City, Topeka, Guthrie, Fort Forth, Dallas, Austin, San Antonio, Houston, Galveston, El Paso, Phoenix, Los Angeles, Pasadena, Oakland and San Francisco. The stops will be only long enough for sleep and meals.

THE WHITE WASH.

Its Presence on the Hudson Bay Company's Boat Explained.

It is or was a rule of the Hudson Bay company that no woman be allowed passage on its boats. One day some years ago as a steamer of the company neared one of the northernmost ports a string of white garments was seen stretched across the deck. The watchers were amazed, for to them the wash line suggested only the presence of a woman aboard the boat.

Comment was freely made of the scandal that would ensue and the shakeup that would follow. When the boat docked the line of washing had disappeared—still another proof of the scandal.

Later one of the landsmen said to the captain:

"Why, how did it happen that you carried a woman passenger this trip?"

"There was never a woman along the whole voyage," was the indignant answer. "What do you mean?"

"If there was no woman aboard where did all that white wash come from?" was the triumphant reply.

The captain looked puzzled for a moment, and then he laughed.

"Oh," he said, "and didn't we have Lord Strathcona, the governor himself, along with us on this trip? And every day doesn't he insist on having his clean white shirt, no matter how far north we are? That's the white wash you saw strung along deck. And, what's more, doesn't his lordship insist upon having his London paper laid beside his plate every morning, no matter if it is a year old?"—Pearson's.

HOW TO CURE RHEUMATISM

It Is An Internal Disease And Requires An Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RUBBING with oils and Liniments WILL NOT CURE, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fiber of rotten wood.

Science has at last discovered a perfect and complete cure, which is called Rheumacide. Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide strikes the root of the disease and removes its cause. This splendid remedy is sold by druggists and dealers generally at 50c. and $1 a bottle. In Tablet form at 25c. and 50c. a package. Write to Bobbitt Chemical Co., Baltimore, Md. Booklet free. Tablets sent by mail.

For sale by Howard Gardner, Druggist.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Burdock Blood Bitters made me a well woman." —Mrs. Chas. Freitoy, Moosup, Conn.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulets cure bilious attacks. 25 cents at any drug store.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Eclectric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

Easy, Flexible Soles for Tired, Tortured Feet

Wears 30 days longer than any other shoe at the same price.

"Breaking in a shoe is as bad as a boil." No man can work hard—or play hard—if his feet are cramped and plagued and pinched by stiff, unyielding soles.

Here is a shoe that makes new shoes a pleasure. It will make you forget your feet.

The CRADDOCK SHOE

$3.50 All Leathers $4.00

with a flexible sole is a new idea in men's shoes. To our knowledge it is the only man's shoe made with this feature.

If your feet have got you scared, try a pair of **Craddock Shoes** made flexible. Try a pair anyway and let your stiffened, leather-bound foot muscles stretch out in relief. The vamps and tops are of soft, durable, velvety vici kid. The sole is as pliable as an old moccasin and not a bit of style is sacrificed for comfort.

Make Up Your "List"

Christmas is drawing very near. No use waiting until the eleventh hour. Make up your list today. Jot down the names of all to whom you intend to make presents. That done, mark down what you desire to give them.

Then select every day one or two presents. A small deposit will secure them for you. They will be laid aside until the day before Christmas.

A look at the show windows and the store proper will aid in making selections. Come whenever you like, and as often as you please. We will be very glad to show you around. You will never be urged to buy.

You will probably give at least one watch. By buying it here you will save enough so that for the difference you can secure a very good chain to attach to it.

There will surely be some one to whom you will want to give a ring, to others bracelets, lockets and scarf pins, brooches and studs. For still others you will want little trinkets in silver novelties.

If You Don't Trade With Us We Both Lose Money

IT IS ALL RIGHT

to ask a friend to do you a favor when it is impossible to secure the favor in any other way. But why ask a friend to go on your bond as surety when the Greensboro Loan & Trust Company can give better security than an individual at no extra cost for its faithful discharge of its duty as a trustee or executor or administrator. Why should you sign a bond by which your "heirs, executors, administrators and assigns are held and firmly bound" to pay for the default of others; perhaps after your death, every dollar of your estate? Tell your friend not to burden you with such a grave responsibility. Let the Greensboro Loan & Trust Company become responsible.

Talk this over with us—it will assist you.

J. W. FRY, President. W. E. ALLEN, Treasurer.
